Dear Stephanie and  
Erick, Thank you so much for  
helping us with our decision to  
replace our old wooden front door.  
The appearance of our  
new door is 100% pleased. The  
installation and very professional  
work is just what we needed!  
Thank you so much for your  
hard work!  
Stephanie and Erick

Linda,

It is with pleasure that I am writing this letter of recognition for Elegante Iron, who in our opinion, is clearly the supplier of choice if you are looking for hand-forged wrought iron products and especially front doors for a home of distinction like those Darling Homes builds.

Although building a home can be trying process, Elegante Iron's commitment to customer satisfaction and consultative selling approach could not have made this step in the process any easier for us. Jenny Sandlin's design team at Elegante Iron was able to create a front door that was a perfect compliment to the overall aesthetics of our home. It truly is a work of art!

Generally speaking, we have found Jenny's hands-on style, can do attitude and her sincere interest in our well being to be a breath of fresh air. In mine and Mike Carter's case, her designers and master blacksmiths were able to go from idea to finished product in record times and meet very tight deadlines. I am sure that Kenny and Claudia can substantiate this fact and would confirm that the quality of the workmanship and value is superior to others.

In closing, we could not be more satisfied with Elegante Iron. Their combination of new world function and old world artistry is second to none. If you or any would-be home owners have any questions, please feel free to call me at (724) 612-4740. Thanks again for letting me go outside the norm and we highly recommend that Darling Homes designate Elegante Iron as a preferred supplier so that other customers of yours can enjoy their products as well.

Regards,

Dan Schmitt

Jenny,

We wanted to thank you and your company for providing such a great experience with the purchase of our new iron door for our home. The salesperson we worked with, Stephanie Bryant, is a true professional and a huge asset to your team. From the initial consultation to the follow up after installation, Stephanie took the time to explain in detail the procedures that would be performed, educate us on the various options that we could consider, and she truly listened to everything we said in order to create the 'perfect' combination of iron and glass with a design that is exactly what we were hoping for. In summary, she took great care of her clients, made the entire process very easy, and took personal responsibility of being certain that all services were completed to the highest of standards.

Also, Joe did an incredible job at supervising and completing the installation, being certain that each step was completed with perfection. We look forward to working with you again on any future project that we have.

Best Regards,  
Robert & Gary
